The Visual Facilitation Field Guide

A Journey of Riches - The Art of Overcoming Challenges

Tim Hamons is a dynamic and creative speaker, trainer, and facilitator, with over 20 years experience working with individuals, organizations, and teams to harness their creative resources for organizational success.

Tim's passion is bringing individuals and teams to a higher levels of awareness and performance through innovative thinking and tools, as well as collaborative work environments. As a visual facilitator, he uses visual and creative tools to capture and synthesize stories and ideas, helping groups to discover shared meaning, common objectives, and experience deeper learning and engagement in their business and learning events. As a speaker and trainer, he uses live sketching and drawing in his presentations to frame the key messages and build interactive storytelling.

He has worked with many organizations, using these tools to design and deliver programs on innovation, change management, brand and leadership strategy, and team development. A highly experienced facilitator and trainer with expertise gained in corporate, non-profit and government sectors, he has delivered trainings and facilitated programs in Korea, China, Indonesia, Hong Kong, Thailand, Philippines, Malaysia, India, Brunei, Vietnam, Australia. He is a member of the International Association of Facilitators, and has been a board member of the International Forum of Visual Practitioners for 4 years from 2010-2014.

An American Citizen, Tim has lived and worked in Singapore for the past 27 years. Originally trained in visual communication with a Bachelors Degree from University of Cincinnati, Ohio, USA, Tim became curious about human creative potential, and what drives people to become their best. This led him to study various course of performance and personal development including mindfulness training, meditation, NLP, Positive Psychology. In addition, he was a support trainer for various business and personal development programs with Success Resources. Using this knowledge and experience gained from studying and working with some of the top leaders in these fields, Tim has developed engaging learning programs and tools that produce bottom line results whilst boosting individual and team engagement.
